

# Alissa Champigny

Full Stack Web Developer

Kingston, NH  
(603) 793-2449  
achampigny4@gmail.com

## SUMMARY

Full Stack Web Developer who graduated from UNH's coding bootcamp December 2020. Known for excellent people skills and being a supportive team member that is effective in developing user-friendly applications. Prior experience includes 11 years in the medical field.

## PROJECTS

### Job Tracker — Project Manager and Full Stack Developer

<https://whispering-woodland-82554.herokuapp.com/>  
<https://github.com/achampigny4/Job-Tracker>

A remote job search application that allows the user to track each step of the application process all in one location. This app resolves the need for multiple logins on multiple sites to find the status of their job application.

Technologies: HTML, CSS, Javascript, Material-UI, React.js, Remotive API, Node.js, Axios, Express.js, Concurrently, Passport.js, Bcrypt.js, MySQL, Sequelize, Heroku, Dotenv, ESLint, nodemon

### Adults Only Petfinder — Front End Developer

<https://github.com/achampigny4/adults-pet-finder>  
<https://hilbug.github.io/adults-pet-finder/>

Comedic browser-based application in which a user over 18 years old can be matched with a randomized pet profile. Underage users are provided with resources to learn about pet adoption.

Technologies: Materialize css framework, JQuery, Animate.css, Scrollreveal.js, Font Awesome, Google Fonts, Embed Responsively.

### We Workout App — Full Stack Developer

<https://github.com/RisleyDwayne/we-workout>  
<https://weworkoutapp.herokuapp.com/>

Mobile friendly application which allows users who infrequently workout to easily exercise at home. We Workout's database provides premade workouts, exercise explanations and the ability to create personalized workouts.

Technologies: Sequelize, Passport, MySQL, Node.js, Express, Express-Handlebars, ESLint, jQuery, Heroku, CSS, HTML, Bootstrap, Trello, Balsamiq.
